NEWSLETTER JANUARY 2026

All about our October trip and other news

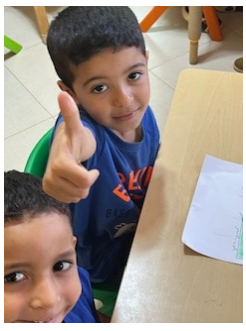

We had a very successful trip in October despite the fact that I had developed a severe hip bursitis 2 weeks before we were due to leave and basically was told it will get better in its own time so despite the pain and stiffness I bought a neoprene support (which caused a bit of alarm going through customs) I decided this was not going to stop me going. We adjusted things so I could sit and put two mattresses on top of each other so I could actually sleep as Mattresses are on the floor and I was unable to get down. I managed and by the time we left 3 weeks later it was improved enough I didn't need the support but it took 12 weeks to completely heal

We had some amazing volunteers with us. It really is wonderful how God brings us just the right people each time. Keira was with us for her 7th trip Oh my how she loves Morocco our charity and Assaka village. Andrew who is a early years educator who is just like the huge big kid himself the children immediately loved him he had them giggling and he I ntroduced some new songs and games which the children loved. We had Anthony who has been once before and reintroduced his wonderful dance to the children/ We had Lisa who came very last minute who had discovered when doing a DNA test she has Amazigh (Berber) heritage and she wanted to come and experience the authentic Amazigh culture. She is also a Doctor and child psychologist so she spoke with the mums about bonding with the children and also spoke on women's health. Nyelah was also with us for the 3rd time and loves to help and work with the children in the preschool and Assaka.

WE ARE PLANNING TRIPS IN MAY AND OCTOBER 2026 IF YOU ARE INTERESTED PLEASE GET IN TOUCH

WE gave out clothes to the preschool children and the children in Assaka village and set up a dressing up corner which the children once shown what to do just love dressing up and pretending to be princesses or a dragon or Spiderman (woman)

Andrew helped the teachers to make a baby corner and showed them how to set up a free play area . Suggested tyres for playing on the roof which we managed to find some old tyres and give them a good clean

Dressing up is such fun though the concept was a little strange to the children at first they loved it and we set up a place with new hooks so they can enjoy their dressing up any time

The children with Hmad and Lisa with the children singing songs

We had such fun

Here are pictures from our TREK in the Atlas mountains and from our time in Assaka village

WE LOVE VISITING THE VILLAGE OF ASSAKA WHERE WE HAD A WARM WELCOME

WITH THE ADULTS AND CHILDREN WE PLAYED WITH THE CHILDREN AND GAVE OUT CLOTHES
